ABSOLUTE IMAGING™

Envision Networks® Absolute Imaging™ Welcomes WCCP-FM
Greenville, SC's 104.9 Talk Sports Adds Imaging Service

(MAY 2014) – **Envision Networks® Absolute Imaging™** is proud to announce **WCCP-FM/Greenville, SC** as the newest affiliate of the imaging collection from award-winning radio imaging legend **Rick Allen** that is available online anytime at myabsoluteimaging.com. With **104.9 Talk Sports** now utilizing **Absolute Imaging**, the station joins over 700 affiliates on the **Envision Services Network**.

Absolute Imaging™ helps stations express their creative vision with a continuously growing imaging library containing over 16,000 top-market level audio cuts. The library includes everything from an extensive arsenal of sounds and artists/listener drops to the more advanced concept of multi-track bed blocks that can be reassembled to create your own customized sound. As one of the only independent imaging libraries designed exclusively for radio, **Absolute Imaging™** allows users to create a truly unique sound and brand so their station stands out from others that use corporate services.

Absolute Imaging™ is available 24/7 at www.myabsoluteimaging.com and can be accessed on the go with iPhones, iPads, and most smartphones.

Stations interested in a FREE two week trial should contact Hannah Rosenthal at 216-831-3761 or hannahr@envisionradio.com for more information.

About Rick Allen:

Rick Allen is a 30 plus year radio imaging veteran, whose sound design has been licensed by thousands of media outlets around the world to get the attention of millions of listeners.

His sounds have been used for the launch of Ryan Seacrest's national radio show and branding of leading radio stations, including Hot 92.3, Kiss FM, and Power 106 in LA, Hot 97 in New York, RTL in Germany, FM Tokyo in Japan, and hundreds more.

His company, Rick Allen Creative Services, continues to produce and market original audio collections to Sound Designers working in radio, TV, video, film, web development and gaming.

Allen's production work has earned him a series of awards, including gold and platinum records from major record labels for editing and remixing. He's also written articles about recording and audio production for trade magazines, lectured at professional music and recording conferences and even taught audio production and recording at the college level.
