Norton in the Morning Interviews Larry King on WGRF-FM/Buffalo ***King Says Pompous Piers Morgan Caused Lack of Success***

(JULY 2014) – In an interview courtesy of **Envision Networks® Guest Services**, **Larry King** recently spoke with **Larry, Rob and Kris of Norton in the Morning** on **WGRF/Buffalo**. While promoting the third season of his hit internet show *Larry King Now*, which airs Monday through Thursday at 5pm ET on Ora.tv and Hulu.com, **Larry King** discussed his successor **Piers Morgan's** lack of success after CNN's recent cancellation of *Piers Morgan Live*.

Larry commented on **Piers Morgan's** difficult transition into his new role. "Any person who has been on for 25 years in one place and you have an audience who is used to you...it's very hard to step into those shoes no matter who it is."

King also discussed the vast difference in **Piers Morgan's** interview style compared to his own. "Personally, I like him fine, but it was all about him. It was the opposite of the way I interview. He was the opposite. So now they not only had someone who was British, different, but then he would use the word 'I' every other word...He became, I thought a bit, in my opinion, pompous, but that's the way I looked at it. So I had trouble watching Piers Morgan's show, and I guess a lot of other people did too."
