Garth Brooks Opens Up On Envision Networks® The Live Ride ***Marty McFly Discusses Man Against Machine Album and Tour With Garth***

(NOVEMBER 2014) – **Envision Networks®**’ *The Live Ride with Marty McFly* will feature special guest **Garth Brooks** throughout the entire episode this weekend. The two-hour weekly country “concert” radio program is part of the Envision Country Network. Preview a clip from the interview [here](#).

During the interview, Brooks chats about his brand new album, *Man Against Machine*. This is his first studio album since 2001 and it debuted at #1 on the country albums chart. Brooks discusses what it’s like to see the same fans coming out to show after show while on tour.

“It’s very much a reminder to make each show its own unique show because these people have seen it. So you don’t say the same things every night; you don’t do the same setlist every night. You try to make each show its own show and that’s a cool challenge,” **Brooks said**. He also talks about what it’s like being on social media now, and what he likes that fans are doing on Facebook.

The Live Ride with Marty McFly is a two hour radio show, bringing a weekly “concert” to country radio with live performances of current and recent chart hits by today’s biggest acts. The show is hosted by 25 year country radio veteran **Marty McFly**. As a Nashville insider, McFly provides the most up-to-date country news, concert information and artist interviews along with the perfect soundtrack for country radio listeners to relive their favorite country concert experiences!

About Marty McFly:

McFly got his start in radio in 1985, when a close friend told him of an easy way to make money...radio! At the same time, Michael J. Fox was playing a character with a similar name in the

major motion picture called “Back to the Future.” Coincidence? The four-time “CMA Air Personality of the Year” nominee and three-time “ACM Air Personality of the Year” nominee has helped his stations win a combined nine CMA/ACM “Station of the Year” awards! He has also been nominated for Billboard Magazine’s “Air Personality of the Year” in 1996 and Bobby Poe Magazine’s “Large Market Air Personality of the Year” in 1993. Based in Nashville, McFly wakes up the city each day as the morning personality for WSM-FM while continuing his search for an affordable method of time travel.
